

# L.I. To create an on-screen presentation

① Start a **new Keynote** presentation

② **Add content** onto slides:

**Good**

✓  **Text boxes**

✓  **Images**

✓ **Text style** 

• Bullets

✓ **Slide transitions** 

✓ **Add animations**

**Great**

✓ Change **animation**   
*style or when to start*

✓ Create a **consistent design**  
(colour scheme)

[www.simonhaughton.co.uk](http://www.simonhaughton.co.uk)

**Super**

✓ Add **interactive hyperlinks**:  
\*to other slides  
\*to URLs as credits

✓ Change the   
presentation type
